Additional information:

¹ The Danish Guarantee Fund for Depositors and Investors as the scheme is responsible for protection of your deposits in the event of the insolvency of Danske Bank A/S, more specifically in the event that reconstruction or bankruptcy proceedings are initiated.

² General limit of protection

If a deposit is unavailable because a credit institution is unable to meet its financial obligations and reconstruction or bankruptcy proceedings are initiated, the deposits will be compensated on the account the Danish Deposit Guarantee Scheme. This repayment covers a maximum of EUR 100,000 per credit institution and per depositor. This means that all deposits with the same credit institution are added up in order to determine the coverage level. If, for instance, a depositor holds a savings account with EUR 90,000 and a current account with EUR 20,000, the customer will be repaid on the account the Danish Deposit Guarantee Scheme EUR 100,000. All of the deposits in the same credit institution (incl. in different branches) are added up to determine the extent of the guarantee. That means if the depositor has EUR 80,000 in a current account in Danske Bank A/S Estonia branch and EUR 90,000 in a current account in Danske Bank A/S Lithuania branch, the total amount of EUR 100,000 will be compensated to them from the Danish guarantee scheme.

Claims for coverage from depositors are calculated less liabilities that fallen due to the credit institution.

In some cases, deposits are protected above EUR 100,000: Deposits resulting from transactions relating to residential property are covered up to an amount equal to EUR 10 million for a period of up to 12 months from the date the amount that has been deposited.

In general, all natural persons, ordinary entrepreneurs and other retail depositors are covered by the deposit guarantee scheme. Also legal persons/companies, with exceptions that are listed below, are covered by the deposit guarantee scheme. The exceptions applied to certain deposits are listed on the website of the responsible deposit guarantee scheme at www.gii.dk and on the website of the Bank providing respective service. Your credit institution will also inform you of whether certain products are covered or not.

³ Limit of protection applying to joint accounts (in the case respective account is provided)

For joint accounts, the limit of EUR 100,000 applies to each depositor separately.
